COVER LETTER

My name is Phoenix Manson and from the age of 15 I knew that music was my calling. Since then I have dedicated my life to producing and playing music. Over the last 7 years (pre & post Covid) I have performed consistently both in Australia & Germany as an artist and DJ.

During the course of my DJing career, I have provided memorable moments on the dancefloor for thousands of people. Helping them to celebrate their Engagements, Birthdays and other significant events in their lives whilst creating a path of happy venue owners and organisers as I go.

After graduating in London with Abbey Road Institute, I started releasing music that has since received radio play and playlisting worldwide. Moving to Berlin for the duration of 2019 was a determining factor in all of this.

3 career moments that stand out as a highlight include:

- *Playing to an audience of 2000 with Jalmar at the Forum in Melbourne as a part of the nation wide Young Franco tour in Feb 2022.*

- *DJing at Luisenfest, a street festival in Germany with 5000 people in attendance.*

- *Performing as a solo Artist for Melbourne Music Week 2017.*

If you have a special event, club night or party concept that you would like to discuss please contact my management through my website phoenixmanson.com

Sincerely,

Phoenix Manson
